

# Privacy statement

(website Divitel B.V.)

**As soon as you visit this website you enable Divitel to collect personal data about you, both directly (via the personal data provided at our request) and indirectly. Divitel considers it of great importance that the personal data provided by you will be safeguarded and handled with the utmost care.**

Divitel will therefore use these personal data exclusively in accordance with the objectives described in this privacy statement and the other described ways of data processing. The responsible party for the data processing is Divitel, with registered office at the Sutton 3 in Apeldoorn, NL.

## **Objectives of data processing**

Divitel will use your personal data for the performance of the various agreements which Divitel may conclude with you. We will for instance ask your address data in order to reply to your information request via our web site. Divitel will also save the data provided by you when you for instance apply for a brochure or annual report or to invite you to our seminars.

Within the part "Consilium<sup>tm</sup>" you may, if desired, make your own profile. By doing so the information shown may be filtered so that you will only see information which is

relevant to you. Only if you have indicated this, Divitel may use these data to draw your attention by e-mail to new information on Divitel's website which is relevant to you.

The data which you have entered into "Consilium<sup>tm</sup>" will not be coupled to other data files existing within Divitel.

## **No use of data by third parties**

Unless the hereafter mentioned exceptions are applicable, Divitel will under no circumstances make your data available to third parties. Nor will your data be sold.

Exceptions no use of data by third parties:

- 1) in case of legal provision of legal procedure;
- 2) to protect Divitel's rights or it's property;
- 3) to prevent any crime or to protect the public safety; or
- 4) to protect the personal safety of the website users.

## **Cookies**

Some of our website will send a 'cookie', a small text file which will be saved on the hard disk of your computer. By means of a cookie our website can recognize you when you visit our website again and the site may be specially adjusted in accordance with your needs.

### **Click behaviour**

Divitel will collect and analyze information related to the use of this website, such as the number of hits, the most requested pages, the sites visited previously/next and the duration of the user session. The purpose of these general visiting data is to optimize the organization of the website.

### **Technical security**

To optimally protect your personal data against unauthorized access or use, the newest security technology will always be used within Divitel.

### **Privacy policy of third parties**

This privacy statement does not apply to websites of third parties which are connected via links to this website. Divitel does not accept any responsibility or liability in respect of the way in which these third parties handle personal data. We therefore advise you to always make yourself familiar with the privacy policy on these websites.

### **Objection against further use of personal data**

If you do not wish to receive any marketing information from Divitel, you can make this known by contacting us online via [info@divitel.com](mailto:info@divitel.com) or by telephone: 0031(0)5 576 02 42

### **Questions**

For questions about this privacy statement, our activities in the field of data processing or the use of this website, you may contact us online via [info@divitel.com](mailto:info@divitel.com) or by telephone: 0031(0)55 576 02 42

### **Amendments**

Divitel may at any time amend this privacy statement, without any prior warning. Amendments will be effective upon posting

on this website.

Users of "Consilium™" may themselves manage the personal data they have entered, i.e. modify and/or remove them. For this the user should be logged in.
